### Keys to success:

- Get this out to as many people as possible and encourage them to blast it to even more people.
- Use social media-- again it is all about getting the word out.
- Be aggressive about your fundraising. It is not easy to raise this much money but it can be done.
- Make the first donation yourself. It helps.
- If you are approaching a business, compose a digital letter that personalizes your request.
- Remember what we are doing this for- it makes all of the training and fundraising worth it.

Let me know if you have any questions.
